EDUCATION

Certification

edX | UCI

Aug 2023 - Nov 2023

Full-Stack Web development bootcamp

- MERN Stack certification

Bachelor's of Science: Biochemistry

Loyola Marymount University

2011-2015

PROFILE

With a foundation in React development gained through hands-on experience at Nexalure since January of this year, possesses real-world expertise in crafting dynamic and responsive web applications. Recognized for collaboration with cross-functional teams, known for adaptability, self-starting attitude, and commitment to continuous learning. Positioned to contribute to team success by delivering high-quality, user-centric applications.

WORK EXPERIENCE

Front End Developer

Nexalure Technologies
London, England

2024 - Current

- Spearheaded the development of responsive and modern web applications, serving in the capacity of a developer.
- Demonstrated leadership by taking on responsibilities akin to a team lead, providing guidance to teammates in understanding programming languages and complex concepts.
- Proficiently utilized a tech stack encompassing React, TypeScript, Node.js, Next.js, React-Native, SCSS, Sketch, and Git to deliver high-quality web solutions.
- Actively engaged in code reviews and pair programming within an international team, often taking the lead role in assisting team members and sharing valuable insights.
- Facilitated collaborative problem-solving in a large team setting, effectively addressing issues through clear and specific communication strategies.
- Played a pivotal role in overcoming challenges by independently troubleshooting and then sharing insights with the team, contributing to a culture of continuous learning.

Web Developer Training

edX | University of California, Irvine
Irvine, California

Sep '23 - Nov '23

- Full-stack web development bootcamp focusing in the MERN stack.
- 3 months of full-time intensive learning.
 - Class was live class for 5 hours a day.
 - 2 small projects due per week
 - 3 large group (3+ people) projects completed.
- Developed skills and techniques in an Agile environment
